PARIS, June 21.-(AP)-Camille Chautemps, radical socialist expremier who is attempting to form a new people's front cabinet, today offered a portfolio to Leon Blum, the outgoing prime minister.

The socialist Blum, whose government fell early today, with-held his decision. It was indi-cated it would be delayed until a meeting of the socialst national council tomorrow.

Truckloads of mobile guards rumbled through the streets as Chautemps sounded out leaders of various factions, particularly the various factions, particularly the socialists. Their participation in the cabinet seemed to depend on agreement on a financial pro-gram.

Steel-helmeted guards deployed in front of the senate to prevent any demonstration against the body that overthrew socialist Premier Leon Blum and his peoples' front government yesterday by refusing to grant decree powers to deal with the financial crisis.

Acting with significant speed, President Albert Lebrun summoned the radical socialist Chautemps to the Elysee Palace before dawn and designated him to form a new government.

back-to-work" marching orders today, With the zero hour set by steel executives for 7 a.m., tomorrow, involving about 24,000 men in the strikeravaged Youngstown area, federal mediators strove desperately in Cleveland to effect a settlement.

The back-to-work challenge, announced jointly by Frank Purnell, president of Youngstown Sheet and Tube, and by Republic Steel, drew a swift counterchallenge.

"As soon as somebody goes to those plants." said John Mayo, Youngstown director of the steel workers organizing committee, "the SOS will go out and there will be trouble.

"There will be so many men (strikers) down there they won't go in. We can bring in outside men, you know.

Simultaneously, the threat of a general strike of 10,000 members of organized labor rumbled in Warren, 14 miles from Youngs-

"If a general strike is called, it will be done quickly and without advance notice," said John McKeown, C. I. O. organizer at Warren.

The first blast in the "back-to-work" movement came from Frank Purnell, president of Youngstown Sheet and Tube, who announced—in defiance of Secretary of Labor Frances Perkins; plea for maintenance of the status quo—that he would attempt to re-open the three strike-sleged company plants in Youngstown at 7 a. m., tomorrow.

At the same time Republic Steel Corporation announced it would attempt to re-open one of its mills tomorrow morning. Two were killed and 26 injured at the mill Saturday night in a battle between strikers and city police. The defiant orders to re-open came as strike leaders, headed by John L. Elmore told officers he and his wife and stepson were sleeping outdoors due to the heat and that they were awakened by a dog barking and saw a negro lying in the grass nearby.

Elmore said Will'e leaped out of bed and threw a stick at the negro, who jumped up, ran to the bed and stuck a pistol against Elmore's back and told him to "get going."

Elmore said he ran to a nearby home and borrowed a pistol and that when he returned to the trailer camp and the negro was struggling with Mrs. Elmore on the bed he shot the intruder. He said the negro fired at him but missed, and ran after Elmore shot him again.

The negro was found lying across a railroad track near the camp. He died in a hospital.

#### NEW TYPE BALE TAG PROVIDES PERMANENT RECORD, TRADE MARK

COLLEGE STATION. June 21.

—(Spl.)—A new type of bale tag, developed and tested by the Bureua of Agricultural Economics, is destined to make a major contribution to the improvement of Texas cotton, in the opinion of F. E. Lichte, ginning specialist of the Texas Extension Service.

The bale tag is made of indestructible metal on which is stamped the symbol which permanently identifies the bale. The tag is attached to a heavy 28-inch wire, which is laid in the bale by stopping the tramper momentarily when the bale is half completed. When the bale is half completed. When the bale is pulled through the bagging.

The tag, which is a public patent was tried in the field during the 1936-37 season and was found to be satisfactory.

While the use of the tag at present is on a voluntary basis, Lichte points out that the device has many potential benefits. One of the chief ones may be as a trade mark for one variety cotton communities. The tag should result in lower fire insurance rates, he believes, as it will constitute a record of bales lost in fires. Spinners and exporters will welcome the wide use of the tag, as is will enable them to trace plated and other types of bales against which a claim has been lodged.

# IN SHIPMENT OIL

AND FRAUD CHARGED

ALLEGED AFFAIR MOST COL OSSAL STEAL SINCE TEA-POT DOME SENSATION

VAST CONSPIRACY

SHREVEPORT, La., June 18.—
(P)—Fifty-one persons in five states were ordered arrested in what Federal District Attorney Harvey G. Fields termed a vast fraud and conspiracy in the shipment of oil from Shreveport.
Fields, filling complaints against the men, said the case was "the largest piece of fraud perpetrated in recent years and the most colossal steal since the famous Teapot Dome affair."

It was charged that the defendants shipped to five southern states tank cars of gasoline labeled at refined oil and distillate, with intent to defraud the states out of gasoline taxes; that they made false bills of lading on he cars; that they failed to mark the cars containing explosives, in violation of federal statute, and that they conspired against the laws of the United States, in violation of the criminal code.

He said he would present the charges to the grand jury at a special session of district court Monday. A number of those charged have already been arrested and bonded.

Defendants are from states of Louislana, Mississippi, Alabama, Florida, and Tennessee and include owners, managers, operators and employes of both bulk and retail oil stations.

The total amount in tax evasion was estimated at about \$100.000 but it was believed railroads lost about \$18,000 in freight charges because of the improper billing. Fields said that violations still undetected would probably raise the total of evaded taxes to approximately \$250.000.

Guilty Murder Her Daughter

RIVERHEAD, N. Y., June 18.—
(P)—Blonde Mrs. Helen Tiernan sat in a Suffolk county jail cell today, sometimes laughing, sometimes tearful, doomed to spend at least 13 years in prison for the slaying of her seven year old daughter.

She brought the trial to an abrupt end last night when she pleaded guilty to murder in the second degree.

Under the law, Mrs. Tiernan faces imprisonment of from 20 years to life, with the possibility of freedom after 13 years and four months for good behavior.

The plea was entered soon after the reading of a document in was quoted as admitting to police that she deliberately plotted to kill her daughter Helen and her four year old son Jimmy, because they stood in the way of her contemplated marriage to George Christolulus, Manhattan restaurant worker.

She will be sentenced Monday.

#### CHANGE IN DIET FOR HOGS FACED AS CORN SOARING

WASHINGTON, June 18.—(/P)—A change in diet for hogs this summer was indicated today by experts at the agriculture department as they predicted prices for ment as they predicted prices for porkers the next few months may reach haghest levels since 1929. Corn, usual main stay on the pig pen menu, now is selling for more than wheat in most of the corn belt and wheat supplies from a prospective large crop will be available long before corn in harvested this fall.

Because of this, the agriculture department said "it seems probable that a considerable quantity will be fed to hogs and other livestock during the late summer and early fall before the 1937 corn crop is harvested."

Government live stock experts said a pound of ground or crushed wheat had about the same feeding value as a pound of corn but seldom was used because wheat usually is higher than corn.

Liverpool cables were lower than due to the resignation of the French cabinet induced 'some nervous selling at the large. start.

In the face of a decided lack of buy-ing support and continued favorable weather in the cotton belt prices cased off slowly in the early trading. July opened at 11.83, Oct. 11.96, Dec. 12.02, Jan. 12.05, March 12.12 and May

July opened at 14.83, Oct. 11.90, Dec. 12.02, Jan. 12.05, March 12.12 and May 12.17.

Toward the end of the first half hour active positions showed losses of 6 to 8 points compared with the previous close, Liverpool reported scereral liquidation induced by the fall of the French covernment, Iabor unrest and favorable weather in the United States.

After showing losses of about six points on all active positions the market bounded upward on a wave of buying influenced by stronger grain.

There was a generally-better feeling over the French governmental crisis and the domestic strike situation. At the highest reached during the morning near positions showed gains of 14 to 18 points over the previous close.

The advance was shaded by realizing and at mid-session the market was 9 to 15 points not higher on active months.

July traded at 12.02, Oct. at 12.17, and Dec. at 12.19, Other months were inactive at the opening figures.

The weather map showed practically no rain in the belt which was considered favorable to the crop, but this had little apparent effect on the market.

Wheat jumped the allowed limit of 5 cents a bushel for some deliveries on adverse weather reports. Corn was strong. Cotton gained. The French franc and pound sterling rose. Bonds were irregular.

Curb Trading Apathetic.

NEW YORK, June 21.—(P)—
Few stocks were gainers in apathetic trading on the curb marketing today. Strike uncertainty and the French situation added to the Monday quiet hanging over most of the list.

Sherwin Williams dropped down the scale about 2 points and Niagara Hudson Power was lower by a fraction. Utilities dragged with United Constant Visited Vagent by a fraction. Utilities dragged with United Gas and United Light and Power "A" off a bit. Aluminum Co, pointed down and Pantepec oll lost a minor fraction. Slightly higher were Sunshine Mining, McWilliams Dredging, Electric Bond and Share, Northern State Power "A" and Cracket ern States Power "A" and Creok Petroleum.
